**ELECTRICAL EQUIPMENT COMPANY COMMERCIAL CREDIT APPLICATION**  
**ACKNOWLEDGEMENT AND ACCEPTANCE OF TERMS AND TRADING CONDITIONS**

1. This application is made for the purpose of inducing Seller to extend credit to Applicant for the purchase or repair of electrical equipment and supplies, whether ordered orally or in writing and Applicant agrees to pay all invoices or statements of account promptly when due.
2. **CONSENT TO OBTAIN AND USE CREDIT INFORMATION.** Applicant acknowledges the prospective benefit to Applicant of this Application and grants permission to Seller to seek and obtain information from trade references, other merchants, credit reporting services, public records and other reasonable sources to determine if credit for business purposes will be extended. If Applicant is a proprietorship or personal guarantor, personal credit information will be obtained for evaluating business credit. If credit is granted, this permission shall be on going and continuing for so long as the credit account remains open and unpaid and information obtained may be used for collection purposes. If an account is opened credit history may also be supplied to credit reporting services. Upon written request of applicant and after payment of all outstanding balances, the permissions granted pursuant to this Paragraph may be terminated. Applicant represents that this Application and Consent is executed for business purposes only and acknowledges that Seller is not a provider of consumer credit. Applicant waives and releases any and all claims against Seller arising from the obtaining or releasing of credit information done in good faith by Seller. Credit limit may be increased or decreased solely in the discretion of the seller with or without notice to Applicant.
3. Unless written notice to the contrary is received, Seller may accept orders and obtain delivery receipts from any apparently authorized representative of Applicant. If no representative of Applicant is readily available at the delivery address, Seller's records of delivery shall be presumed correct. Contract or job designations provided by Applicant may be relied upon by Seller in allocating sales among multiple contracts or jobs, notwithstanding the combining of purchases to obtain quantity rates or delivery to an address other than the contract or job location.
4. Accounts not paid within thirty (30) days will be subject to a service charge of 1 ½% per month on the unpaid balance. In conformity with NCGS 24-5, the aforementioned rate also applies after judgment. If this account is placed with an attorney for collection, Applicant agrees to pay costs of collection, including reasonable attorney's fees which absent evidence to the contrary shall be deemed thirty-three percent (33%), or the amount allowed by law, of the balance due at the time the account is assigned to the attorney, whether or not suit is filed. If judgment is entered, interest shall continue thereafter at the contract rate until paid in full. If this account is placed with a collection agency, applicant agrees to pay all costs of collection.
5. All claims for errors or unsatisfactory stock must be reported upon delivery and confirmed in writing within ten (10) days; otherwise any claim for adjustment shall be deemed waived. Unless delivered by our truck, all claims for transit damage must be made directly with the carrier.
6. **Except to the extent of a guaranty or warranty provided by the manufacturer, or as may be specifically provided in writing, all products sold by Seller are without any warranties, express or implied, including warranties of merchantability or fitness for a particular purpose. State or Federal laws may limit the application of this paragraph including the disclaimer of warranties.**
7. Any dispute arising under this Agreement shall be governed by the laws of, and shall be resolved in the Courts of, such Courts with jurisdiction over the county in which the pertinent Electrical Equipment Company Branch is situated, in the court in which the project for which goods are to be used is located, or in any county where Electrical Equipment Company has a Branch in the State where the transaction arose. In the event of conflict between this agreement and Applicant's purchase order or other documents prepared by Applicant, or between this agreement and any oral representations or agreements between the parties, this Agreement shall control.
8. No terms and conditions other than those stated herein, and no agreement or understanding, in any way purporting to modify these terms or conditions, shall be binding on Seller without Seller's written consent. Any additional or different terms in the buyer's form are hereby deemed to be material alterations and notice of objection to them and rejection of them is hereby given.
9. This agreement may be terminated by the customer upon written notice delivered via certified mail, return receipt requested to Electrical Equipment Company Credit Department and upon payment in full of all outstanding balances due and owing on the account, and any such revocation shall become effective sixty (60) days after receipt of said written revocation.
10. The Applicant agrees to notify Seller in writing via certified mail, return receipt requested, within seven (7) days upon the change of any information given to Seller in this Application, including but not limited to changes in name, ownership, corporate status or structure, or other material changes.
11. Waiver by Seller of any terms of this Agreement on one or more occasions shall not be deemed a waiver of Seller's right to subsequently enforce the same or other terms of this Agreement.
12. If supplemental information has been provided in support of this Application, whether or not provided simultaneously with the Application, such information shall be deemed incorporated herein and as representations of Applicant to Seller for the purposes of inducing Seller to extend credit to Applicant.
13. If a copy of this Application is transmitted to Seller by any electronic method, Applicant shall promptly forward the original to Seller. Notwithstanding, Seller shall be entitled to rely upon the electronically transmitted copy as conclusive evidence of due execution of the original by Applicant. Person signing this Application warrants that he or she has authority to do so on behalf of Applicant.
