

The **POWER** of **VIDEO**

Hosting and managing events made easy

Take T3: Think Team Time to the **NEXT LEVEL**

Global Meet makes it easy to create professional quality webinars and webcasts. With Global Meet you are able to set up a conference in a matter of minutes. It's the perfect solution for corporate communications, marketing lead generation, internal training, and customer education.

The benefits of **VIDEO CONFERENCING**

Quickly address topics with your teams—rather than wait for a face-to-face meeting, schedule a “virtual meeting” with Global Meet.

By the effective use of video conferencing, we can reduce the amount of time and money we spend traveling.

Managing events made **EASY**

Creating and managing webcasting is easy:

- Scheduling
- Restriction options
- Player options
- Content options
- Security options
- Email options

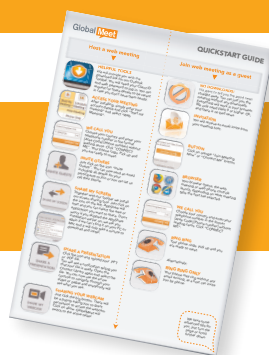

Contact your local manager to learn more about Global Meet.
